Allowable Subject Matter

1. Claims 1-4, 6-8 and 10-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: the closest prior art of record is HEIDEL (US 6436510 B1), however, the reference fails to teach stretching of the polyester filaments at a temperature above the crystallization temperature of the polyester which has been shown by Applicant's remarks and the specification to provide the nonwoven with a shrinkage force in a range from 2 N/5 cm to 20N/5cm as claimed in the present invention. Applicant's arguments with regards to the HEIDEL '510 reference are persuasive, thus the Examiner withdraws herein her position that the latent shrinkage force is inherently present in the polyester fibers of HEIDEL since Applicants have shown that the claimed property is a result of a specific process which the HEIDEL reference fails to use.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Norca L. Torres-Velazquez whose telephone number is 571-272-1484. The examiner can normally be reached on Monday-Thursday 8:00-5:00 pm and alternate Fridays.
